\*Schedule subject to change.\*

Laps may be adjusted based on car count.

# Time Trial and Heat Race Procedures for May 12, 2012

## NASCAR Fiesta Modifieds Only

- Qualifying order will be determined by draw. Drivers will draw chip upon entry at front gate. Draw ends at 2:00PM on Saturday. If driver fails to draw chip then no qualifying and will start heat at rear of field. If driver misses their spot in qualifying order, then no qualifying and will start heat at rear of field.
- All cars must pass through pre-tech inspection prior to qualifying. Once through pre-tech, all cars are on impound and must immediately proceed to infield and line up for time trials. Stopping anywhere but infield will result in no qualifying and starting the heat at the rear of field.
- The only adjustment that may be performed on car while under infield impound is tire pressure. Any other adjustments will result in no time trial and starting at rear of field for heat race.
- Cars must run same set of tires for time trial, heat and feature. If tire is damaged, must get HMP Tech Director's approval prior to change.
- Everyone will get two consecutive timed laps.
- Once you have taken the white flag, you have an official time. No re-qualifying.
- Fastest time (pole position) will be locked into the feature and has option to run heat or not. However, points will be awarded for heats and features.
- All cars are on impound after qualifying until after heat race. Cars will be lined up for heats in infield.

- If there are 12 or more cars in a class, there will be two heats. If 21 cars or more per class, there will be three heats. If 32 or more cars, then 4 heats. If there are two heats, the starting order breakdown will be as follows based upon qualifying order:

<u>Heat One</u>		<u>Heat Two</u>		
1	3	2	4	
5	7	6	8	
9	11	10	12	etc.

For three heats, the breakdown will be as follows:

<u>Heat One</u>		<u>Heat Two</u>		<u>Heat Three</u>		
1	4	2	5	3	6	
7	10	8	11	9	12	
13	16	14	17	15	18	etc.

- Starting order for each feature race will be set by the finishing order from each heat race. If there are two heats in a class, the first heat will be the inside row and the second heat will be the outside row of the Feature. For three heats, the feature line up will be as follows based upon heat race results:

Example: Feature Lineup w/ Three Heats

1(H1) 1(H2)  
 1(H3) 2(H1)  
 2(H2) 2(H3)  
 3(H1) 3(H2)  
 3(H3) etc.

- Top 20 heat race finishers are locked in for Feature. If Pole Position chooses not to race in heat, then top 19 are locked in for Feature.
- **After heats, all cars and drivers racing in feature must participate in the on track meet & greet during intermission.** Non-participation without HMP Tech Director's approval will result in starting feature at rear of field. Impound ends after heat races. All cars may return to pits after intermission.
